

## Angelo's Pool Parties

We want your Pool Party to be a fun and memorable experience for you and your child. Our staff will work with you from start to finish to provide you with your food and drinks.

Booking a party with us is easy. Here is a simple step-by-step explanation:

- 1) Please take a minute to read through this information sheet and the pool rules and regulations document. Both are available at our website, [www.angelositalianice.com](http://www.angelositalianice.com) Once you are at our website, just click the events tab, and then click Chandler Pool Parties.
- 2) When you are ready to book your party, click the Book Now button located at the same location. If you are visiting the site for the first time, you will need to register. You will be able to login with your email address after you've registered.
- 3) When you are ready to book your party, select a pool location and review the calendar for available time slots. Once you've selected your time slot, a confirmation sheet will be available for you to print. You will also receive a confirmation email.
- 4) After you have completed booking your party, you will be contacted by one of our pool party associates. You will be asked to provide credit card information to secure your time slot for your party.
- 5) One week prior to your party, you will be contacted by one of our pool party associates to finalize the number of adults and children in your party. The minimum number of people for a party is 10. If you do not finalize your final count for the party, your credit card will be charged for 10 participants, (2 adults and 8 children). Once the total number of people in your party is confirmed, your credit card will be charged for the balance.
- 6) On the day of your party, you will need to arrive at the pool at least 15 minutes prior to your party. At the pool entrance, you will check in and receive your wristbands for all party participants. Please bring a copy of your email party confirmation.
- 7) Proceed to the designated Pool Party area where you will be greeted by one of our Pool Party associates. **HAVE A GREAT TIME!!!!!!**

Below is some additional information that will be helpful and also answer most of your questions. Please feel free to contact us at anytime on the Party Hotline at **(480) 220-7352**.
